No. VVUÚ – DO-045/21/2021

1 Product Specification

Product „STATIC R44 10,5, type Static rope", is a low stretch kernmantel rope of a diameter 10.5 mm. The product is made of synthetic fibres (polyamide). The product consists of a core embosomed in sheath. The core is a basic load bearing element. The sheath is braided and protects the core from outer mechanical abrasion and UV degradation.

The product is made under trademark Singing Rock.
